HALIBURTON GETS THREE YEARS

Found Guilty of Embezzlement Charge—Jury Secured and Herron Case Now on Trial

NIGHT SESSION PROBABLE ON HERRON CASE

The jury in the Jack Haliburton case last evening returned a verdict of guilty of embezzlement of funds from the Douglas Grocery, and at 1 o'clock this afternoon he was sentenced to three years at Florence.

The case against James Herron, on a charge of grand larceny of cattle at Courtland, was called this morning and a jury empaneled to hear the case. Oldham, who was jointly charged with Herron, previously entered a plea of guilty. The case is being stubbornly contested. Attorneys J. F. Ross, A. R. English and Attorney Stephenson appearing for the defendant, while County Attorney Gilmore and Assistant Murry are conducting the prosecution.

Following is the jury on the Herron case:

Bradley, George Shirk, F. A.
McLennan, R. Lewis, O.
Rockhill, George Edens, J. L.
Tyler, R. M. Gallardo, A.
Adams, I. C. E. Owens, Jas.
Foster, T. C. Suton, Ed.

It is likely a night session will be held to hear the arguments of attorneys and submit the case, otherwise it would be necessary to hold the jury until Tuesday.

In the case of Stark vs Stark a decree of divorce was granted.

Hamilton vs Lelavie; judgment for plaintiff.

Bassett Lumber Co. vs W. Kline; judgment for plaintiff.

Many Mormon Refugees Expected to Cross Arizona Line Today From Sonora

Three hundred Mormon women and children will reach Agua Prieta tonight, having left Colonia Morelos and Colonia San Jose Thursday night and Friday morning. They are accompanied by a sufficient number of men to see them safely to the border, who will return to the colony as soon as the families are located on this side of the line.

The party will camp in Agua Prieta until necessary arrangements for crossing the line are made today. The exodus was caused by the influx of rebels into Sonora and the abuse they have subjected all Americans to since their advent into that state.

Champ Clark to Speak in Arizona

A Chicago dispatch says: An extended speaking tour is being planned for Champ Clark at democratic headquarters to extend to the Pacific coast and to include Arizona, Utah, New Mexico and California. It is declared it is probable Clark will speak also in several states in the northwest.

C. B. Tarbell Undergoes Operation

Mrs. Guy C. Welch, daughter of C. B. Tarbell, sent a wire this afternoon from Los Angeles, stating that her father had undergone a successful surgical operation this morning and is resting comfortably, though he will be subjected to another operation later on. Mr. Tarbell sustained serious injuries through a street car collision.

in Los Angeles last May, since which time he has been confined to a hospital. His many old friends in Tombstone will hope for his ultimate recovery.

Grand Dance On Labor Day

The Tombstone City Band will give a grand dance at Gage Hall on the evening of Labor Day, and the band will be in force to furnish music for the occasion. The proceeds of the dance will be used for the purchase of a gasoline lighting plant for use of the band at the City Park during open-air concerts. The need of such lights are evident, and Tombstone will be contributing to a good and worthy cause, meantime enjoying themselves at the big event.

Tombstone Town Topics Tersely Told

Visitors to City; Local and Personal Items of Interest

Mrs. Porter McDonald, who has been visiting friends in Douglas, returned to Tombstone yesterday.

Miss Marguerite Pomeroy Douglas is visiting with friends in Tombstone.

Mr. and Mrs. M. D. Scribner were outgoing passengers today. They will visit Pacific coast points for several weeks.

Monday will be Labor Day and a legal holiday. All the county offices, court, postoffice, bank, merchants will observe the day by holiday closing. The Tombstone merchants will close their stores at 10 a. m. No set program has been prepared for the observance of the day except what informal plans may develop. In the evening a grand Labor Day dance will be held at Gage Hall, under auspices of the Tombstone City Band.

David Gibson, for forty-seven years a resident of Arizona, and who in the early days fought for the protection of the whites against the raids of Geronimo, Chief Joseph and other Apache Indian chiefs, was admitted to the State Pioneer's Home at Prescott. He has now reached the age of 73 years.

A F White of the Progressive Republican Central Committee has received a telegram from J. L. B. Alexander, stating that Theodore Roosevelt will speak at Yuma on September 16.

Walter Melgreen is in the hospital at Bisbee and may undergo an operation for appendicitis. He was taken suddenly ill yesterday, but is hoped nothing serious may develop.

A number of jurors departed for their homes this afternoon, but will return Tuesday, there being no court on Labor Day.

"Lafayette" of New York fame is reported to be headed Arizonaward. Maybe he is to enter the "war" and join the rebels across the line.

E. C. Hicks returned to Bisbee today after a two weeks' visit with his parents and friends.

The regular open-air concert by the Tombstone City Band will be held at the City Park this evening.

The small registration in Cochise county this year is the surprise of all officials. With several thousand more voters in the county since the 1910 registration, yet the registration is over 300 less, and the "returns" at no time since the books were opened have been brisk. The most plausible reason is that registration officers are not making any great effort to have the citizen step in and register. Under the new salary system justices are not allowed the 20 cents per name heretofore paid.

Wm. Holmes, president of the Leadville Mining Co., was in the city today on a brief visit.

ARIZONA NEWS OF INTEREST

Newsy Notes From All Over Arizona Carefully Condensed for The Prospector Readers

The farmers of Graham county are desirous of having the game law so amended that the quail hunting season will not open later than August 15, as after that date this season the birds become so numerous that they destroyed acres of grain. The fields are now swarming with the birds but the law forbids hunting them.

The first depot built at Topeka for the Atchison, Topeka and Santa Fe railroad was moved to Benson. This depot stayed at Benson until the present Southern Pacific depot was built, and then it was bought and moved to a point near Fuller's ranch by a Mr. Forsyth. It now stands near the railroad of the New Mexico and Arizona branch.

The Southern Arizona Fair association programs will be out for distribution some time about the middle of next week and will be mailed to all of the southern counties, which are being invited to take part in the fair at Tucson this fall.

Plans for the new Jewish synagogue in Douglas have been submitted to General Manager French of the Copper Queen company for his approval.

Willcox will have a fair on September 11 to 14 inclusive. The products from the Sulphur Spring valley and vicinity will be on exhibit.

A Mexican working on the Babbitt building in Flagstaff, tripped and fell with a bucket of hot asphalt, covering his face almost completely with the stuff. He was badly scalded and it took three doctors over two hours to dissolve the asphalt off his face. It went into his nose, eyes and ears, making painful burns. He will be lucky to save his eyes.

A Summerville dispatch says that the largest bull frog captured, as far as available records show, was caught at that place by Peter Stafford. The frog weighs twentyfour pounds and is

CLOUDBURST AT GLEESON

Torrent of Water Does Much Damage to Town--Railroad Track Was Swept Away

TWO HORSES CARRIED AWAY WITH FLOOD

A cloudburst occurred at Gleeson last evening doing much damage to the town and railroad.

A veritable wall of water several feet high rushed down the east gulch of the town and swept everything before it. The flood waters carried away two frame houses which fortunately were not occupied at the time. One house toppled over, the foundation being undermined by the flood waters, and nearly every business place, even

on high ground, suffered some losses by the sudden onrush. The S. P. tracks were washed away for several hundred feet, not a vestige of track being in sight in the course of the torrent.

The ore bins at the Shannon mine are full and it is likely a temporary shut down may be had awaiting repairs to the railroad that ore shipments may be resumed.

Activity of Rebels In Sonora--Reports From Various Sections In Neighbor State

There is consternation among the few federal soldiers at Agua Prieta, as well as among the inhabitants of the town. The report that about 500 rebels were camped at the Nogales ranch, 65 miles east of the place, and apparently headed this way, caused hasty preparation to defend the town in case it is attacked.

The mere fact that you have more wealth than the man next door to you and are better able to get out and away from trouble than he, does not justify you in leaving the poorer class which has nothing to fight for, behind to defend your property. This is the new rule of Presidente Ronaldo Rivera of Mexico, and is being enforced impartially among the Mexican citizens of the town.

On account of the non-arrival in Nogales of any word as to the conditions at Compa, to the south of that place, it is feared that the combined forces under Escobedo and La Torre have succeeded in surrounding the town. The last message through reported that the rebel lines around the town were then being drawn very close.

Cochise Register Closed Until After Primary--4264 on List Thusfar

County Recorder Murphy will close the registration of the county for the coming primary election this evening at 5 o'clock, according to the recently enacted registration law, and the same will remain closed until September 16th, when the registration will be re-opened and remain so until the 16th day of October, when the precinct and general county registers will be declared closed. At noon today a total of 4,264 electors had been registered throughout the county and placed upon the various precinct registers. Up to date, according to the

last registration had throughout the county in 1910, when a total of 4,504 were placed upon the great register, the registration for 1912 is 320 names short, although it is expected that by the time the registration for the present year is finally declared closed a total of about 8,500 electors will have registered, owing to the large increase in population throughout the county, and especially in the Sulphur Springs and San Simon Valleys. Following is the number registered during the several years past: 1908, 7,309; 1909, 5,320; 1910, 4,584.

fifteen inches long, and is credited with being 100 years old.

George A. Crutchfield of San Francisco, naturalization examiner, arrived in Prescott recently for the consideration of the applications of about fifty aliens who desire to be made American citizens.

A Los Angeles dispatch says: Rev. Philemon D. Gardner, charged with having committed criminal libel at Bafford, Arizona will not have to go to that state to answer the alleged offense. He was released today when his case came up in the Superior court because there was no evidence save a

telegraphic warrant from Arizona. California courts require a fugitive warrant and regularly prepared extradition papers.
